Palmer - this date will work for the R10 folks. Will be setting up the webinar or do you need us to do it?

Thanks Jeff:

Sheila/Rick/Jeff:

I would like to suggest Friday 12/9 from 1-2 ET for this Q and A.

Please let me know if that works for y'all. I'd like to follow up with TU tomorrow so they have time to pull their folks together.

Thanks, Palmer

Palmer:

Great opportunity.

I'd like Glenn to be a part of the discussion. He is back from travel late next week. I think Friday (12/9) is the earliest we can meet, but perhaps 12/12 is better.

Folks:

TU has offered to pull the authors of this report together for a webinar/conference call next week to have a Q and A on the report.

Is this something that we would like to do? Have enough folks read the report to be able to ask questions?

Thoughts?

Bristol Bay Team:

Attached is the final version of the report prepared by the Wild Salmon Center and Trout Unlimited. This version corrects a few of the citations in the version circulated last week. According to TU, this is the version that will be released to the public in the near future.

Thanks, Palmer

Palmer -

I would like to share a copy of this report with you and your team. The report is final but we plan to release it to the public at a later date so we ask that you not discuss it with members of the press until that time.

Very best -

Shoren Brown
